## About MEIDAM 2024

The 9th International Congress of MEIDAM was an extraordinary scientific event, with three full days of the latest advancements in clinical and diverse branches of dermatology, delving into cutting-edge techniques, novel treatments, and transformative breakthroughs that define the future for all professionals in dermatology. It was an exceptional platform for everyone to connect, learn, and grow. The Congress explored the diverse range of clinical sessions, workshops, live demonstrations, scientific lectures, and the exhibition, and discovered the invaluable resources available to enhance the knowledge as we looked at the event as a journey of growth and inspiration

# CONGRESS OVERVIEW

The 9th International Congress of Medical Excellence in Dermatology and Aesthetic Medicine (MEIDAM 2024) held from November 15–17 at the Dubai World Trade Centre and celebrated a landmark year with over 4000 participants establishing itself as the largest in-person gathering of dermatology experts and specialists on record in this region.

With the support of the Ministry of Health and Prevention (MOHAP), Dubai Police, Dubai Health Authority (DHA), Dubai Economy and Tourism, World Health Organisation (WHO), and the United Nations High Commission for Refugees (UNHCR), the Congress was set to be the largest one yet, with the most varied programme of learning and knowledge sharing opportunities.

MEIDAM proudly hosted the largest assembly of heads of dermatology associations from around the world. Among the distinguished attendees were the President of the American Academy of Dermatology (AAD), the Treasurer of the International League of Dermatological Societies (ILDS), the President of the World Congress of Dermatology 2027, the President of The International Society of Dermatology (ISD), the Global Head and Vice President of the Royal College of Physicians (RCP, London), the Treasurer of the European Academy of Dermatology and Venerology (EADV), to name a few.

The winner of the MEIDAM Association's Pioneer's Award 2025 was announced during the Opening Ceremony of the Conference with Prof. May El Samahy from Egypt winning the award.

This year's congress delivered an extensive and diverse scientific programme marking a new standard for collaboration and innovation in dermatology and skincare. Across three days, MEIDAM 2024 hosted an impressive array of **275** lectures given by **304** speakers, **77** scientific sessions, **45** industry symposiums, 33 clinical workshops, **3** resident workshops, and **25** Industry sessions engaging leading minds in dermatology and aesthetic medicine. Topics covered included the latest advancements in a range of essential and emerging areas such as therapies for epidermolysis bullosa, the role of epigenetics in skincare, hyperpigmentation treatments, fat reduction, skin tightening and scar management amongst many others. Up to **105** CPD hours were accredited for the scientific program this year by the Dubai Health Authority (DHA). Alongside the Congress, an exhibition showcased the latest materials and technology in the industry with leading companies taking part including international pharmaceutical brands as well as leading dermatological and aesthetic medicine brands from all around the world.

# CONGRESS OVERVIEW

The congress hosted the following important subsidiary meetings alongside the congress during the 3 days congress.

1. **4th MEIDAM Association General Assembly Meeting**, attended by the international leaders from the United Nations High Commission for Refugees (UNHCR) and World Health Organization (WHO) Representatives along with the heads of dermatology societies from the AAD, ILDS, EADV, ISD and the heads of societies from all dermatological societies of MENA region. During the Assembly General Meeting, MEIDAM Association also announced a **Grand of USD 5000** to support Rising Stars of Scientific & Academic potentials from Residents of the Region.
2. The **1st Health Regulatory Board Meeting** with leaders from the health sectors of Oman, KSA, Bahrain and the UAE meet.
3. The **1st Treasurers Meeting**, attended by the treasures of the ILDS, EADV, ISD, ASDV and MEIDAM Association.

Key objectives of scientific collaborations and bridging Gap with the dermatology leadership for collaborative efforts and opportunities were explored during the subsidiary meetings.

# MARKETING & PROMOTION

The marketing strategy for MEIDAM CONGRESS 2024 effectively utilized the congress website and social media accounts, which significantly contributed to the event's success. By showcasing speaker profiles and photos, these platforms served as valuable marketing tools to enhance the promotion of MEIDAM 2024 and engage potential attendees. This approach highlights the importance of digital presence in event marketing.

## OVERVIEW

The 9th International MEIDAM Congress took social media engagement to unprecedented levels in 2024. With a data-driven approach and a strategic emphasis on advertising and boosted posts, we leveraged the power of social platforms to amplify the Congress's visibility and impact. Through carefully targeted campaigns, we connected with a diverse global audience, not only reaching dermatology and aesthetic medicine specialists but also fostering curiosity among new audiences.

This year, our enhanced social media strategy delivered impressive results—garnering significant leads, elevating attendee engagement, and achieving record-breaking impressions and interactions. By combining organic storytelling with precision-targeted advertising, we transformed our digital presence into a dynamic hub for knowledge sharing, collaboration, and community building.

From engaging content to interactive ads and boosted posts, every element was designed to inspire, inform, and connect, positioning MEIDAM 2024 as the definitive event for advancing the science and art of dermatology and aesthetic medicine on a global stage.
